Sir,

Sub: Prices - Revision of prices of rice with effect from 4-12-49 - South Kanara District - Rice purchased at old rates after 4-12-49 - Loss sustained to the Stores - Reimbursement of - Appeal.

Ref: 1. This Office R.C.300/50-F2 dated 23-2-50, 23-6-50 and 12-7-50 to the Collector of South Kanara.
2. This Office R.C.300/50-F2 d/22-12-50 addressed to the Board of Revenue, Civil Supplies, Madras through the Collector of South Kanara.
3. D.Dis.29358-49 d/6-12-50 of the Collector of S.K.
4. L.Dis.No.10719/51 d/28-2-51 -do-

The Stores, in its reference cited 1st above, had addressed the Collector of South Kanara to accord sanction for recoupment of the loss of Rs.1,043-1-8 sustained by it on account of the purchase of rice effected at old rates (i.e. at Rs.15-10-3 per mura of I sort rice and at Rs.14-6-3 per mura of II sort rice) on and after 4-12-49 till 6-12-49 the date of receipt of the Collector's Notification regarding the revision of prices. In his reference cited 3rd above, the Collector informed the Stores that the Board has declined to accord sanction prayed for by the Stores on the ground that the reduction in the prices was intimated to the Stores in the Pressnote communicated in Collector's Ref.C.No.W7.29358/49 dated 22-11-49 and that though the Press-note did not specify regision in price of rice, the implication was obvious that the price of rice is to be reduced consequent on the decrease in the price of paddy and it was incumbent on the Stores to consult the Collector before effecting purchases with effect from 4-12-49.

2. On receipt of the above, the Stores approached the Board of Revenue, Civil Supplies in its reference 2nd cited explaining that the Stores was really not aware of the reduction in the price of rice till 6-12-49 and the Collector's Notification issued regarding the revision of prices was received by the Stores only on 6-12-49 and the Press-note communicated by the Collector did not at all specify the reduction in the price of rice(but only for paddy) and requested to kindly allow the claim and accord permission for reimbursement of the loss by making suitable increase in the release price. In reply, the Collector has, in his reference

cited

P.T.O.

cited 4(b) above, informed the Stores that the Board has intimated that it sees no reason for reconsideration of the orders already passed by it.

3. The Stores in the full faith of getting justice, hereby makes this appeal to the Government as the Board have turned down its legal claim for no valid reason.

4. I enclose herewith a copy of the Press-note and Collector's endorsement Ref.C.No.37-29358/49 d/22-11-49 in which the Collector had directed only to give effect to the reduction in the price of paddy and there was not even a hint either in the Press-note or in the Collector's endorsement that the price of rice should also be correspondingly reduced or that the Stores should suspend reception of rice temporarily with effect from 4-12-49. I wish to point out that the Stores as Procuring Agent has absolutely no power either to suspend purchases or to refuse to pay for the foodgrains brought by ryots under demand notices at a price less than that fixed and notified by the Collector then in force.

5. The Collector's Notification Ref.C.No.29358/49 d/4-12-49 under copy addressed to the Stores about the revision of prices with effect from 4-12-49 was received by the Stores only on 6-12-49. On the very same day, the Stores had issued necessary circular to its reception depots intimating the revision of the prices. It is thus clear that the Stores was as a matter of fact not aware of the reduction in the price of rice till 6-12-49. If the Collector had intimated to the Stores the revision of prices in time, there could have been no loss and the orders could have been given effect to in time.

6. The loss of Rs.1,043-1-8 referred to above is entirely due to the delay in receipt of the Collector's Notification of the revision of prices. The Stores had taken prompt steps in giving effect to the revised prices on receipt of the Collector's Notification and there is no default or delay on its part. Though the claim of the Stores is a legal one, the Board has given scant consideration to it inspite of the facts explained by it.

Therefore, the Stores submits to the Government to favourably consider the claim and accord permission for reimbursement of the loss of Rs.1,043-1-8.

Yours faithfully,

Encl: One.

--

In the petition first cited, the Secretary, S.K.C.C.W. Stores requests for the reimbursement of Rs.1043-1-8 being the loss incurred by the stores on account of the purchase of rice effected at old rates on and after 4-12-49 till 6-12-49, the date of receipt of the Collector's notification regarding the revision of prices. The arguments put forth by him in support of his claims are found in paras 4 and 5 of his petition.

As the Press Note No.205 dated 7-11-49 communicated to the Stores by the Collector speaks only about the reduction in the prices of paddy and millets the Collector and the Stores were not aware of the reduction in the price of rice till the receipt of the G.O. fixing the reduced prices. Moreover even assuming that the reduction in the price of paddy implied reduction in the price of rice, it was not known by what amount the price of rice should have been reduced, since the proportion which the price of rice should bear to the price of paddy was not known. It is also observed from para 1 of the Collector's letter No.W7.29358/49 dated 18-3-50 a copy of which has been sent to Government in Board's Reference No.41400-UVI/50 dated 20-4-50, that the price control order dated 30-11-49 fixing the reduced prices was received by him on 3-12-49, that the President, S.K.C.C.W. Stores was immediately informed of the reduction in the price of rice by means of a notification dated 4-12-49, but that it took some time to reach the branches of the Stores scattered throughout the district and that during the period of transit, the sub agents had purchased the stocks of rice at old rates. The Board therefore considers that the delay in the communica of the revised prices to all the branches of the stores is unavoidable and as such, the claim of the Stores for reimbursement of the loss of Rs.1043-1-8 is fair and reasonable as recommended by the Collector and the Registrar of Co-operative Societies.

In its reference cited, the Board rejected the claim of the Stores for re-imbursement of the loss incurred by it in purchasing rice at higher rates after 4-12-1949, on the ground that the President should have consulted the Collector before purchasing the stocks of rice in question. In this connection, I invite Board's attention to my Ref.C.No.W.7/29358/49 dated 22-11-1949, in which I had solicited instructions as to whether the Government are contemplating the reduction in the prices of rice also from 4-12-1949. I did not receive any orders on this report till 3-12-1949, on which date I received a copy of the G.O.Ms.No.1502, Food and Agriculture Department dated 30-11-1949. In the circumstances I submit that I was not aware of the reduction in the price of rice till 4-12-1949 and as such th claim of the Stores cannot be rejected on the ground that the President should have consulted re before purchasing rice at higher rates. It is true that the claim of the stores in respect of padly purchased at higher rates after 4-12-1949 is not reasonable. As regards rice, the claim of the Stores for Rs.1043-1-8 is reasonable and may be considered favourably.

Ref: Board's Ref.No.159014-U.VI-50(CS) dated 18-11-50.

A revision petition filed by the President of the South Kanara Central Co-operative Wholesale Stores, Ltd., South Kanara for the reconsideration of the orders of the Board rejecting the claim of the stores for the re-imbursement of the loss of Rs.1043-1-8 incurred by it in purchasing rice at the old rates after 4-12-49 and before the receipt of this office notification dated 4-12-49 is enclosed. Although the Board had once rejected this claim on the ground that the President of the South Kanara Central Co-operative Wholesale Stores should have consulted the Collector before purchasing the stocks at higher rates and that the reduction in the price of paddy implied reduction in the rice also the claim of the stores deserves reconsideration for the following reasons:--

2. There was no specific indication regarding the reduction of prices of rice in the Press Note No.205 dated 7-11-49. Hence the question of reduction of the prices of rice was not taken up in this office. Only the Press Note regarding the reduction in the prices of paddy was communicated to the President, South Kanara Central Co-operative Stores in this office Ref.C.No.W7-29358-49 dated 22-11-49. Even this office was not aware of the proposed reduction in the price of rice till G.O.No.1502, Food and Agriculture Department dated 30-11-49 was received on 3-12-49. The President was immediately informed of the reduction in price of rice by means of a notification dated 4-12-49 but it took some time to reach the several branches of the stores scattered throughout the district. This was unavoidable and during this period of transit the sub-agents had purchased stocks at the old rates. Even if the President had consulted this office as the Board expected him to do, the position would not have been different, as this office was also not aware of the proposed reduction in the price of rice. This is clear from this office Ref.C.No.W7-29358/49 dated 22-11-49 to the Board in which orders were sought regarding the price of rice. In the alternative, the procurement would have to be suspended till the prices were revised. Though it is reasonable that the reduction in the price of paddy should result in the reduction in the price of rice, it was not known by what amount the price of rice should have been reduced. As the Board was all along revising the price of rice simultaneously with that of paddy, the price of rice could not be revised on the basis of the reduction of prices of paddy in the press note No.205 dated 7-11-49 without knowing the proportion which the price of rice should bear to the price of paddy. It was also not proper to suspend procurement at the very outset of the Khariff year and that too from the major harvest pending revision of prices.

In these circumstances the Board may be pleased to reconsider the claim of the Stores and grant permission for the reimbursement of the loss of Rs.1043-1-8 sustained by it in respect of the purchase of rice made at the old rates after 4-12-49 till the revised rates were received.

Sub: Prices - Rice and Paddy - Purchase at higher rates after 4-12-49 - Loss sustained to the Stores - Reimbursement of - Further reference.

Ref: (1) My R.C.300/50-F2 dated 23-2-50, 19-4-50, 12-7-50 and 4-8-50;

(2) Collector's D.Dis.No.29358/40 dated 6-12-50.

In the Collector's reference cited second above, I have been informed that the Board has declined to reconsider the claim of the Stores for reimbursement of the loss incurred in respect of the purchases made at old rates after 4-12-49, on the grounds that the reduction in price of rice was already intimated to the Stores in the Press Note communicated in Collector's Ref.C.No.W7-29358/49 dated 22-11-49 and that, though the Press Note does not specify the reduction in the price of rice, the implication that the price of rice also will be reduced due to the decrease in paddy was obvious and it was incumbent on the Store to consult the Collector before purchasing rice.

2. In this connection, I have to state that, while communicating the Press Note to me, the Collector had directed only to give effect to the reduction in paddy price and there was not even a hint in the Note that the price of rice should also be correspondingly reduced or that the Stores should stop reception of rice with effect from 4-12-49. In Government Press Note communicated to me, it was mentioned only in respect of the decrease in paddy and millet prices from 4-12-49 and not specified about reduction in the prices of rice. The Press Note is silent about the price of rice and as such the Stores purchased rice as usual at the rates which were then in force. It is needless to say that the Stores, as Procuring Agent, has absolutely no power either to suspend the purchases or to refuse to pay for the foodgrains brought by ryots under demand notices, at price less than that fixed by the Collector in his Notification then in force.

3. The Stores was really unaware till [illegible] about the reduction in the price of rice. The Collector's Notification Ref.C.No.29358-49 dated 4-12-49 issued about the revision of prices was received by me only on 6-12-49. On the very same day, on receipt of the Notificatic I had issued necessary Circulars to the depots of this Stores intimating the revision of prices. Though the information in respect of the revision of prices was received at the Collector's Office in time, the delay perhaps occurred while communicating it to me from there. From the above, it can be seen that the Stores has taken every possible steps and there is no fault on its part. The entire thing is only due to the delay in communicating the Notificat: This Stores cannot afford to forego such a large amount, as its clair is legal and sound.

I, therefore, request the Board to kindly reconsider the claim once again and grant permission for reimbursement of the loss (viz. Rs.1043-1.8) sustained by the Stores in respect of the purchases of rice made at old rates after 4-12-49.
